Add a library item with a Barcode scanner

Library · https://docs.dacapoinventory.com/doc/add-a-library-item-with-a-barcode-scanner/

Many pieces of music have barcodes on the back of them, and most of these barcodes are compatible with Da Capo Inventory!

1. Click Library
2. Click Add/Modify Library Item
3. Click ‘Beta - Scan or type in a UPC Barcode’

4. Scan in the barcode and choose the best result that you’d like to import.
