Add/Modify a Library Item

Library · https://docs.dacapoinventory.com/doc/add-modify-a-library-item/

1. To Add or Modify a Library item, click the link on in the Library menu.

2. To add a new piece, simply begin filling out the required fields. To modify an existing piece, select a piece from the search bar.
3. You can create your own Library Category by typing it in the Category input space. This will then show up as a Category Filter on your Library page.
